## **Be mesmerised by the legend, Teresa Teng in a state-of-the-art hologram concert at Resorts World Genting this October**

**Genting Highlands, 5<sup>th</sup> August 2022** – In the world of legendary Chinese musical icons, there is one name that never fails to bring extraordinary amount of love and endless inspiration: Teresa Teng. A Taiwanese songstress who became the first true Chinese global music superstar in the 1970s and 1980s, Teresa Teng was a beloved cultural icon whose crystal-clear vocals and gentle rendition of the eternal favourite, *The Moon Represents My Heart* and other classic songs, *I Only Care About You*, *Sweet As Honey*, *May We Be Together Forever* has captivated music lovers from all over the world. Her untimely death in 1995 was mourned by her music followers. Fans of the late Mandopop star can now engage with a virtual Teresa Teng as Resorts World Genting collaborates with Digital Domain, a California-based visual effects and digital production house to stage a unique concert using state-of-the-art holography this October 29, 2022 at the Arena of Stars.

*Teresa Teng “The Legend” Hologram Concert* is set to be a riveting, spellbinding experience. Fans of the charismatic singer are in for a treat as Digital Domain has tapped into extensive archival footage of Teresa Teng and will “resurrect” her through AI-powered Virtual Human Technology. The astonishing reconstructive-abilities and stunning beauty of holography was successfully showcased by Digital Domain with a jaw-dropping digitally-reanimated virtual model of legendary rapper, Tupac Shakur performing “live” at the Coachella Valley Music Festival in 2012.

Now, armed with a dictionary of Teresa Teng’s movements, expressions and cadences, along with facial and body features, Digital Domain has crafted a virtual hologram of the iconic singer, effectively re-creating her on-stage persona complete with Teresa Teng’s signature grace and charming manner. A prototype of this technology was trialled in 2013 on Jay Chou’s Opus Jay 2013 World Tour, where a virtual image of Teresa Teng performed a duet with Jay Chou. Tremendous leaps in technology have now allowed Teresa Teng to headline her own concerts.

Five guest performers will join Teresa Teng on stage at the Arena of Stars, three of whom represent the countries closest to her heart. en-Ray, Chang Chin Yu and Chan Ai Chia – known as Japan’s Teresa Teng, Taiwan’s Teresa Teng and Malaysia’s Teresa Teng, respectively – will share a stage with their idol, adding their beautiful voices to Teresa Teng’s original vocals. Each of the singers has carved out a career in emulating Teresa Teng’s tremulous and pristine vocals. Joining the trio on stage will also be Terry Jiang Zhenkai, a popular Taiwanese male artist and TV variety show performer as well as two-time Grammy Award-winning American violinist Jamii Szmazdzinski, who will put his unique instrumental spin on Teresa Teng classics with his electric violin.

Don’t miss out on the chance to experience an unforgettable night with Teresa Teng, brought to life by the latest in virtual human technology. Book your tickets for *Teresa Teng “The Legend” Hologram Concert* from 12pm onwards on 10<sup>th</sup> August 2022. Tickets are priced at RM739 (VIP), RM529 (PS1), RM329 (PS2) and RM199 (PS3).
